 - C. The school district will, with the assistance of its schools and parents, at annual faculty meetings and district and campus site-based meetings educate its teachers, pupil services personnel, principals and other staff, in how to reach out to, communicate with, and work with parents as equal partners in the value and utility of contributions of parents, and in how to implement and coordinate parent programs and build ties between parents and schools.

The school district will, to the extent feasible and appropriate, coordinate and integrate parental involvement programs and activities with our PreK3 and PreK4 preschool programs, and conduct other activities, such as parent resource centers, that encourage and support parents in more fully participating in the education of their children.
