

The STAR PROGRAM

Providing Help for Youth & Families for Over 25 Years

Serving Bowie, Camp, Cass, Franklin, Gregg, Harrison, Marion, Morris,
Panola, Red River, Rusk, Titus, and Upshur Counties

The STAR Program offers free, preventative short-term services for youth and their families. In addition to assisting youth and their families in mastering new skills through skills-based training, our staff helps to reduce the occurrence of truancy, running away, family conflict, and delinquent behavior. Our main goal is to keep families together by strengthening and stabilizing family unity. STAR also offers Universal Child Abuse Prevention information and workshops, free in-home family counseling, around-the-clock crisis intervention, conflict resolution, links to community resources, and community education and outreach.

Anyone can make a referral to the STAR Program.
